CHARLES C. JONES,	

Warner, N. H., Feb. 17, 1906.

This certifies that we have examined the accounts of the selectmen, treasurer and collector of taxes for the year ending Feb. 15, 1906, and find them correctly cast and proper vouchers for all money paid out, with a balance of \$72.28 in the treasury.

E. L. CARROLL, }
L. H. COGSWELL, } Auditors.

REPORT OF THE ALMONERS OF FOSTER FUND

FOR THE YEAR ENDING FEBRUARY, 1906.

The year just closing has been a favorable one, on the whole, for the sick and needy. No wide-spread epidemic has been among us. The winter has been favorable, and yet we have found a goodly number of deserving ones that have been relieved and comforted by the aid we were able to furnish them from the income of this wise and generous gift. We have expended the sum of one hundred and seventy-two dollars and have in our possession the income of the past year to be used in the coming year should it be needed. The dividends are all received now in January.

The following is a statement of present standing:

Balance from last year,	169 82	
Received of selectmen Feb. 3, 1906,	187 83	
	—————	357 65
Disbursements,	172 25	
Present balance,	185 40	
	—————	357 65

Respectfully submitted,

B. C. FLANDERS, } Almoners
JOHN B. RAND, } of
SARAH A. HARDY, } Foster Fund.

This is to certify that we have examined the accounts of the almoners of Foster fund and found them correctly cast and properly vouched for.

J. P. HILL, } Selectmen
F. A. CLARK, } of
C. C. JONES, } Warner.

STATE OF NEW HAMPSHIRE.

HIGHWAY DEPARTMENT.

Statement Relating to State Aid for Highways in Town of Warner.

Under Chapter 29 of the Laws of 1899, towns are required to raise one-fourth of one per cent. of their valuation for maintenance of roads, provided, however, that no town is required to raise an amount exceeding \$50 per mile of road. The valuation of the towns for 1906 and the actual mileage of roads in each town cannot be definitely stated at this date, hence the amounts opposite "A" and "C" below are approximate only.

Subject to the above statement, the following amounts relate to the above-named town:

A. Amount required to be raised under the law of 1899, one-fourth of one per cent.,	1786 16
B. Additional amount if town applies for state aid,	357 00
C. Total minimum amount required to be raised for highway purposes if town applies for state aid,	2143 16

If no application for state aid is made in 1906, the town is required under Section 3 of Chapter 35, Laws of 1905, to set apart and expend for permanent improvement the sum of \$714.

If the town does apply for state aid under the above-mentioned law of 1905, a joint fund for the town is formed, the items of which are as follows:

Set apart by town under Section 3,	714 00
Set apart by town under Section 4,	357 00
Apportioned by state under Section 5,	428 40

Total joint fund for 1906,	1499 40

REPORT OF THE BOARD OF HEALTH

The work of the board of health is at once interesting and important, as it deals with those matters which pertain to the general health of communities and consequently to the prosperity and happiness of the home. To establish good sanitary conditions and maintain them in a community is a matter in which every dweller thereof enacts a part. Wherever animal and vegetable life exist there is growth and decay. Growth under favorable conditions is healthy, but under unfavorable conditions it becomes dwarfed and diseased. It is, then, to bad sanitary conditions that we should here give our attention. Air confined in rooms and breathed over by people, loses its vitalizing properties, hence care should be taken by all persons while dwelling indoors to see that means of ventilation is such that the air can constantly be renewed. The wastes, known as sewage, about every home, in their fresh condition may be harmless, but in the process of decay and putrefaction they become elements of danger, hence the matter of drainage becomes exceedingly important. The disposal of sewage becomes easy to those enjoying well-planned and sanitarily-constructed sewer privileges, but those who do not have such privileges, or having them, disregard them, are warned against the dangers connected with the neglected cesspool, vault, pigpen, and haphazard scattering of wastes.

Water is an element upon which all life is dependent, and for drinking and culinary purposes for man or beast the best reasonably obtainable is to be preferred. The chemical laboratory has been resorted to, to determine whether certain remedies commonly used contain harmful or poisonous ingredients. Finding such ingredients, a cry goes up for legislation to compel the manufacturer thereof to place the word "poison" in large letters on the label of the package; yet in the matter of water the chemist's finding of harmful ingredients—foul odors, lead, disease germs and conditions that debilitate, if they do not kill

outright, are many times disregarded. The word "poison" should in like manner be placed on the pump, faucet, cistern or other receptacle where such water is found that the unsuspecting may be warned.

Early in spring an unusual epidemic of measles began, continuing into summer. There have been three cases of typhoid fever, one of which proved fatal. The disease in one of these cases at least was contracted out of town. There has also been one case of scarlet fever, probably contracted out of town. By proper precautions the disease did not appear beyond the original case.

Spitting on sidewalks, on floors of cars, halls and of other public places is prohibited by law of the state with a penalty attached, and more attention should be paid to this practice of indecency. Every one, by giving a little thought to the matter of sanitation, will possibly discover some bad condition about his own premises that ought to be corrected and if all will do this, the general conditions will become much improved. The idea that it concerns one's self alone, what conditions one is willing his family and himself should live in, is wrong, for no one lives entirely to himself in a community.

Respectfully submitted,

E. C. COLE,	}	Board of Health.
J. F. MERRILL, M. D.,		
C. H. JONES,		

February 15, 1906.

REPORT OF THE SCHOOL BOARD.

The work of the town schools for the past year has been gratifying. Thirty weeks of school have again been maintained with the exception of one or two schools. The work of consolidation, inaugurated by the board last year, has been continued, and from fifteen schools, shown in last year's report, the number has been reduced to twelve. This fact makes possible the securing of better teachers, a healthier competition and interest among the pupils, and a greater benefit from the money expended. Where schools are small, and there are but one or two in a class, a pupil loses his interest, and school work becomes monotonous and tiresome.

The closing of the Sutton Highlands school, by the school board of that town, has necessitated the conveying of the Andrew children to the village schools, the children on Tory hill being carried by the same conveyance. This is by far the longest distance that any children in town are carried.

The village schoolhouse was newly papered and painted inside last spring, and, with the furnace heat and sanitary improvements, is now comfortable and attractive. The Collins schoolhouse was newly shingled in the fall. Repairs, including new seats, are badly needed at Waterloo, and are contemplated by the board the coming spring. The conditions at Davisville are bad and inadequate. The schoolhouse is far too small for the attendance there, and a new building, or at least a generous addition to the present one, is badly needed.

The report of Mr. Lawrence E. Davis, truant officer, made in September, showed an attendance of 184 pupils in the town schools, 101 of whom are boys, and 83 girls. This is exclusive of the high school and pupils from other towns.

ROLL OF HONOR.

GRAMMAR—Three terms: Paul Cloues. Two terms: Ruth Annis, Mildred Gage. One term: Mary G. Cole, Barbara J. Davis, Marion Henley, Blanche Greenlaw, Maud Moody, Mildred Sawyer.

INTERMEDIATE—Three terms: Alvah Clark, Donna Currier. Two terms: Dorris Davis, Herbert Greenlaw, Bernice Forsaith. One term: Carl Flagg, Harold Farnum, Harold Cutting, Milo Coburn, Harry Palmer, Blanche Palmer, Lena Mitchell.

PRIMARY—Two terms: Maurice Watts. One term: William C. Mason.

WATERLOO—Two terms: Addison Colby, Abby Cilley, Mildred Davis. One term: Addie Sawyer, Arnold Mackintosh, Donald Stone, Bennie Sawyer, Martha Davis, Edith Smith, Irena Gage, Hazel Colby.

LOWER WARNER—Two terms: Erma M. Simoneau. One term: Fred C. Davis, Esther J. Davis, Frank E. Hamblett, Harlon A. Story.

DAVISVILLE—One term: Leonard F. Davis, Sarah Partridge.

COLLINS—One term: Charles P. Johnson, Linn L. Davis.

BURNT HILL—Two terms: Ethel Stevens, James Tucker. One term: Ralph Tucker, Linn Harriman, Esther Henry.

LIBERTY UNION—One term: Viola M. Flanders.

JOPPA—One term: Arthur W. Bassett, Milan H. Clark.

BURNAP—One term: Muriel Brill, Hilda Flanders, Elwin Flanders.

Respectfully submitted,
HERBERT N. LEWIS, Treasurer.

We, the undersigned, having examined the accounts of the school board and treasurer of the Warner school district for the year ending Feb. 15, 1906, certify that we find them correctly cast and properly vouched, and find a cash balance in the hands of the treasurer of \$389.28.

KATE I. JEWELL, Auditor.

SIMONDS FREE HIGH SCHOOL.

This year of our high school has been one of continuous prosperity. The whole enrollment of pupils has been seventy-eight. The classes as made up at present are as follows: Seniors, nine; juniors, nine; sophomores, fifteen; freshmen, twenty-eight; commercial students, fifteen. Keen interest and harmony have prevailed, and good advancement has been made by all the classes.

At commencement last June a class of fifteen made up from the different courses was graduated with credit to themselves and honor to the school.

At the close of the year in June, Miss Bertha F. Munster, assistant, and Miss Eva H. Annett, teacher of the commercial course, resigned their positions here, to continue their work in other institutions. Their resignations were received with regret as their work in the school had been earnest, faithful and efficient, and besides they had gained the friendship of many of our townspeople. The positions vacated by these teachers were filled by Miss Florance Bushell and Mrs. Helen Long, who have carried on their work with great ability and satisfactory results.

Besides the good work of the students in the class room, they gained renown for themselves and popularity for the school in the athletic field, having won a just claim to the championship of the high schools of the state at baseball. Success in this sport does not depend on muscle alone, but trained muscle and mind together win the game.

The junior recital, a feature inaugurated by Prof. Libbey, has grown in interest with the school and the community. The fifth exhibition of this work was held at the close of the winter term, and was participated in by nine juniors, as follows: Everett Melvin Bagley, Helen Miriam Osgood, Ralph Eugene Colby, Lucy Almira Sawyer, Louise Foster Ingalls, Florence Eva Max-

field, Stanley Carter Stratton, Ethel Beatrice Walker and Kenneth Burns Gienty, all of whom in their well adapted selections gained for themselves well-deserved praise, reflected honor upon their instructors and afforded their large audience delightful entertainment. The other public entertainments held by the school have been of a high order and greatly appreciated by large audiences. The lyceum has been successfully carried on and in many ways shows improvement.

Good teachers, pupils of good ability, a good equipment with pleasing, healthful surroundings are requisite to a good school; all of these we now have. Much also depends upon the interest and support shown by the public. As Warner has shown a spirit of progress in relation to her schools and in other public matters as well, we do not hesitate to predict that she will in future give to her schools wise and generous support, realizing that trained, educated minds are needed in all the affairs of life.

We sometimes have to give up teachers we would be glad to retain, but the field of education is broad, good teachers are ambitious for promotion to broader fields and larger opportunities, and cities offer inducements that rural communities cannot afford. When these conditions occur and cannot be averted we should summon the noblest qualities of our minds and be sadly happy over the good fortune of a loved teacher and friend.

The resignation of Prof. F. S. Libbey as principal of Simonds Free High School, to take effect at the close of the present school year next June, has been made public, and it is a matter of deep regret to the students and officers of the school, also to the residents of this and surrounding towns. A peculiar responsibility rests upon the prudential committee and let us hope that exercising their best judgment in the matter they will successfully meet it.

Respectfully submitted,

EDMUND C. COLE, Superintendent.

Report of the Prudential Committee of Warner High School District.

PRESIDENT'S REPORT.

The following reports show the work of the library for the past year and its present financial standing—all of which is very gratifying. The increasing interest in the library and the eagerness with which the new books are called for is due largely to the wise selections made by the book committee. The gaining of knowledge does not end with our school books, but continues with the experiences and problems of life. The best efforts of the human mind in science, literature and art are presented in books. Let us then resort to books for that wealth of knowledge which entertains and broadens the understanding.

EDMUND C. COLE, Pres.

REPORT OF LIBRARIAN FOR YEAR ENDING FEB. 9, 1906.

To the Trustees of the Pillsbury Free Library:

It is a pleasure once more to place on record the prosperity of the Library. The following statistics show the present condition.

Number of cards issued, 488; number of books given out, 7,506; number of magazines, 857; number of books used for reference, 371.

Accessions by purchase, 158; by binding, 37; by gift from individuals, 54; public documents, 10; pamphlets given, 24.

Amount received from fines and transients, \$9.56. Visitors during the year, 396. Books repaired by the librarian, 238.

The accession catalogue shows 9,226 volumes. There are but thirteen public libraries in the state which outrank the Pills-

bury Free Library in number of books—a fact of which many of our citizens are justly proud.

Donors of books—Rev. W. E. Griffis, Ithaca, N. Y.; Mrs. Ida Davis Wheeler, Dorchester, Mass.; Mrs. Fannie Mitchell, Geo. H. Sargent, Mrs. Nellie G. Stearns, Boston; John Foster, Manchester; Frank C. Griffith, Poland Spring, Maine; Hon. John E. Robertson, Dr. G. P. Conn, Concord; U. S. Government; Hon. Wm. E. Chandler, Paul T. Page, Dr. George T. Page, Amanda B. Harris, Fred Bean, Mrs. Emily Jordan, Fred Myron Colby, Fred H. Heath, Mrs. Belle H. Merrick, George E. Brockway, Frank I. Morrill, Mary B. Harris.

Donors of pamphlets, miscellany—Hon. H. M. Baker, Hon. J. H. Gallinger, Mrs. W. E. Chandler, H. T. Newcomb, Washington, D. C.; Albert K. Smiley, Lake Mohonk, N. Y.; Lawrence G. Mitchell, Dorchester, Mass.; N. H. College of Agriculture, Geo. H. Sargent, American Peace Society, U. S. Government.

Publishers' gifts to the reading room—Independent Statesman, Weekly Union, Mirror and Farmer, Newport Argus and Spectator, Kearsarge Independent and Times, N. H. Library Bulletin, Historic Quarterly, Animals' Defender, Little Folks.

Donated or loaned by individuals—Christian Leader, Mrs. Margaret Wilkins; Boston Evening Transcript, Wednesday edition, George H. Sargent; Literary Digest, Dr. Lloyd H. Cogswell; Outlook, Monitor, Mary B. Harris; Our Paper, Lawrence G. Mitchell; Our Dumb Animals, N. Y. Times Saturday Book Review, Amanda B. Harris.

Periodicals subscribed for—Atlantic, Century, Cosmopolitan, Collier's Weekly, Country Life, Forum, Granite Monthly, Harper's Bazar, Harper's Monthly, Harper's Weekly, Ladies' Home Journal, McClure, New England, Outing, Review of Reviews, Scientific American, Scribner, St. Nicholas, World's Work, 12 copies of Little Folks.

In the purchase of books, consideration has been given as usual to the taste of different classes—the always popular railroad and detective stories, college stories for girls, books of adventure for the boys, books for the little folks, now and then a volume of poetry, choice essays like those of Henry Van Dyke, up-to-date religious books by some of the most profound thinkers of the day, and the best biography, history and travel available.

During the last year or two many volumes of great interest have been published relating to the Civil war. As many of them as could reasonably be expected have been added to the library,

and have found appreciative readers in all sections of the town.

As Principal Libbey has again required his students to read certain books during the year, more duplicate copies have been bought for their use.

Year by year the circulation of the more substantial books has been on the increase, as the figures show. Some readers care only for travel and adventure; others history and biography; for a limited number, the able religious books and those treating of the ethical and social questions of the day have a great attraction. After fiction, biography and history lead. In these two important departments there are about 1100 volumes of biography and 800 of history on the shelves.

Among the gifts of the last year are the set of Ebers's "Egypt" in thirty-one parts, folio, profusely illustrated, from that constant friend of the library, Mrs. Fanny Mitchell; and a valuable and unique collection of 500 initial numbers of periodicals, dating from 1800 to 1904, from George H. Sargent.

It has often been commented upon by strangers that this library is especially favored in gifts—a statement easily verified by comparison with the reports of other librarians.

At last, after much painstaking, the file of the Atlantic Monthly is now complete—96 volumes. Thanks are due to those of our townspeople and to the strangers who have so freely helped.

The large quantity of important material relating to the town, including manuscripts, records, pamphlets, circulars, posters, etc., has been brought together and put in a safe place, ready for the use of some future historian of Warner.

In August the books from the two branch stations were returned to the library, and 600 others were sent out. In justice to the custodians and the readers at those stations, it should be said that the books had been well cared for, and came back in good condition after their two years' absence.

A report from these stations, and from the Children's Branch Service, is appended.

MARY BARTLETT HARRIS, Librarian.

Warner, N. H., Feb. 9, 1906.

CHILDREN'S BRANCH SERVICE.

Owing to the small number of children in several districts and the consequent discontinuance or doubling up of schools, only twelve cabinets have been in use during the past year, and

during the winter term only eleven. In most of the districts outside the central village the cabinets have been kept in commission through the two long vacations. The teachers and the vacation custodians report much interest and much good to the children from the books and magazines used in the Friday book-hour and borrowed for home reading. The statistics of the year support these opinions.

During the entire year, from the beginning of the winter vacation in February, 1905, to the end of the winter term in February, 1906, besides the use of books and magazines at the Friday book-hour, and in various ways in connection with the regular school work, 997 books and 238 magazines were loaned for home use—a total of 1235.

MELVIN'S MILLS BRANCH STATION.

During the past year, from February 1, 1905, to February 1, 1906, 36 borrowers were served, and the number of books loaned was 285, of periodicals 150—a total of 435.

DAVISVILLE BRANCH STATION.

During the past year, from February 1, 1905, to February 1, 1906, 46 borrowers were served, and the number of books loaned was 396, of periodicals 118—a total of 514.
